

Assignment 2: Write a script for a daily standup meeting for a development team working on the software feature to address a common challenge incorporating a solution into the communication flow.

Product Based: Good morning, everyone. Welcome to today's standup meeting. Let's start by going around the virtual room and sharing updates on our progress. Remember to keep your updates concise and focused. We'll also address a common challenge we're facing and discuss a solution as part of today's agenda.

Scrum Master: Let's begin with Rithika. Could you please provide a brief update on what you've accomplished since yesterday?

Rithika: I was working on the Login user story, User dashboard, Register user, Product management, Search functionality and Shipping and tracking science yesterday. I completed Username and password field in user story 1 and cart page of user story 2. I want work on remaining user stories. I will complete it by the End of the day

Scrum master: Thank you, Rithika. Now, Vishnu over to you for your update.

Vishnu: I was working on the user story with id:004 and 005. I have completed the user stories with id:001,002,003. Thank you

Scrum master: Great progress, Vishnu. And Jyothi could you share your update with the team?

Jyothi: Good morning team, I have completed the 3 user stories and am working on user story id:004. Facing some issues in it will connect with Rithika and I will complete it by end of the day. Thank you

Scrum master: Now, before we move on, let's address the common challenge we're facing.

Rithika: Facing some issues in the search functionality. We are working on it.

Scrum master: OK, And Kalia could you please share your updates.

Kalai: Good morning team. I have completed the 3 user stories and today will work on user stories 005: Sorting. Will complete it by today.

Scrum master: Alright, that wraps up our discussion on the common challenge. Before we conclude today's standup, is there anything else anyone would like to bring up or discuss?

Rithika:We want to complete this sprint within 7 days.But i was on leave for next 2 days which i already intimated.So if you assign any intern it will be helpful for me to manage.

Scrum master:Thank you for bringing that up,We'll make sure to address that as well. If there are no further comments or questions, we will end the call, if there are any issues don't hesitate to reach out to the team. Have a productive day, everyone!
